

RTC series from Romaco Bosspak

The electronic tablet and capsule counters of the RTC series from Romaco Bosspak offer a proven technology for electronic counting. The machines are ideal for both high or small batch production and also for clinical trial use. The customer can choose between semi and fully automatic operation.

Highlights

- Positive tablet/capsule separation before counting
- QuadCount – matrix counter for high accuracy
- Rotary continuous motion container filling
- Tool-free changeover
- Vibration free stream filling ensuring products fall one by one into bottle
- Programmability of parameters

Technical Data	RTC 15	RTC 30	RTC 30-4	RTC 200
Speed count BPM/100, max.	15	30	50	200
Tablet size, in mm	Ø 4 x 2 – Ø 18 - 9			
Capsule size, in mm	Ø 4 x 10 – Ø 14 x 30			
Bottle dimensions, in mm	Ø 20 x 40 – Ø 115 - 220	Ø 30 x 40 – Ø 115 - 220	Ø 20 x 40 – Ø 80 - 220	Ø 22 x 45 – Ø 90 - 120
Counting stations	1	2	4	12
